Letter dated 20 December 1893 etc 434 3/3 from the Ry Com of the Melbourne Central stating with reference to Para 7 of Govt Proceedings dated 22 April 1893 that the feeding charges of impounded cattle Cattle pounds other than those in Municipal Towns are not brought into the accounts and requesting instructions to the Comptroller to follow in the respect to such cattle pounds the procedure prescribed for Municipalities in Para 8 of Govt Proceedings, dated 24 August 1891 etc $\frac{6227\ 39}{2429}$.

Order thereon

side of expenditure on account of the marginally noted 3 items, gross income being shown on the side of receipts, without any deduction being made on account of fodder charges &c and he is requested to see that correct provisions are made in future in his annual Budgets.

It is noted that no separate instructions are needed to the Comptroller for showing gross receipts in the Treasury Accounts & Books as Govt consider but trust that the Comptroller will issue the necessary instructions to the Treasury officers at Chettaltdroog and other places, where the above instructions are not adhered to.

(1) Repairs of Cattle pounds
(2) Feeding charges of impounded cattle
(3) Remuneration payable to Pound Keepers

It was intended that the procedure prescribed in Govt Proceedings of 24 Sept 91 No 6227-39 Shd 429 be brought into force in respect of all cattle in pounds, including the District Fund Cattle Pounds. The Comptroller is requested to issue the necessary instructions to the Treasury Officers and Dy Commrs, who should separately state in their any modification of details that they may consider necessary

Sir,

With reference to para 3 of Government Proceedings No. 17337-41 L.R. 111-92- dated 22nd April 1893, directing that fodder charges levied from owners of stray cattle under the Cattle Trespass Act, be shown in the estimates of receipts and expenditure, I have the honor to state that under the practice as at present existing, these charges are not at all brought into the Treasury accounts, nor is any other account thereof kept in Taluk Cutcheries. To remedy this unsatisfactory state of things, the procedure laid down for

the guidance of Municipalities in rule IV para 7 of Government Proceedings No. 6227-39 dated 24th August 1891 may with certain modifications be advantageously followed in the case of all other Cattle pounds. I beg therefore to request that the necessary instructions be issued to the Comptroller on the subject.

I have the honor to be,

Pound-keepers are authorized by law to meet the charges of feeding the cattle from the amount of fees collected by them They may therefore return such sums as they may have paid for feeding charges and remit the remainder only, but the Challan and the Day Book should show the total collection made, the sums retained by them for feeding charges and the balance remitted. The Treasury Officer will show in his account the whole sum collected as receipts and the sum returned by Pound keepers as advances for charges The President should obtain from the Pound-keeper a detailed account of the charges once a month and pass an order sanctioning the charges. When the order is passed, a cheque should be issued to the Treasury Officer authorizing him to credit the sums to advances by debit to charges The President's order shall be the authority for the adjustment.
